Making Hope Happen Assignment

Oral Presentation

Person or Item: _____

Choose 5 items (3 for RSP students) that represent ideas or events that relate to your topic. The items can be icons (images) or relics (things) – something that when you hold it, it will trigger a thought, an idea, or an event that is important to your topic. For example, I could bring a buckle that represents a seat belt that saved Jacky’s life during the accident she was in.

Be prepared to share the items with the class. You will have between 5-7 minutes to give your presentation. Your presentation must address the following questions:

- What was hopeless about the situation during the time before your item or person came to be?
- How did your item or person make hope happen?
- How did your item (or inventor/creator of the item) or person exhibit (show)
 - Honor?
 - Open-mindedness?
 - Positivity?
 - Excellence?
